

Feed the Future Goal: Sustainably Reduce Global Poverty and Hunger

- Prevalence of poverty

- Prevalence of underweight children

High Level Objective:

Inclusive agriculture sector growth

- Agriculture Sector GDP
- Per capita expenditures in rural households
- Women's Empowerment in Agriculture Index

High Level Objective:

Improved nutritional status esp. of women & children

- Prevalence of stunted children
- Prevalence of wasted children
- Prevalence of underweight women

Improved agriculture productivity

- Gross margins per hectare, animal, or cage of selected product

Expanding markets and trade

- Percent change in value of intra-regional exports of targeted commodities
- Value of incremental sales (collected at farm-level)

Increased private investment in agriculture and nutrition activities

- Value of new private investment in ag sector or food chain
- % national budget allocated to ag. and nutrition
- # of local firms/CSO operating more profitably

Increased employment opportunities in targeted value chains

- Number of jobs attributed to FTF programs

Increased resilience of vulnerable communities and households

- Prevalence of households with moderate or severe hunger

Improved access to diverse and quality foods

- Women's Dietary diversity
- Prevalence of children 6-23 months receiving a minimum acceptable diet

Improved nutrition-related behaviors

- Prevalence of exclusive breastfeeding under six months

Improved use of maternal and child health and nutrition services

- Prevalence of anemia among women of reproductive age

Programs and policies to support agriculture sector growth

AVAILABILITY

Programs and policies to increase access to markets and facilitate trade

ACCESS

Programs and policies to reduce inequities

STABILITY

Programs and policies to support positive gains in nutrition

UTILIZATION

Definition of Food Security

FTF Whole-of Government Common Indicators

Improved Agricultural Productivity (output)	<ul style="list-style-type: none">Number of individuals who have <u>received</u> USG supported short-term agricultural sector productivity or food security training.
Improved Agricultural Productivity (outcome)	<ul style="list-style-type: none">Number of farmers and others who have <u>applied</u> new technologies or management practices as a result of USG assistance
Improved Agricultural Productivity (outcome)	<ul style="list-style-type: none">Number of hectares under improved technologies or management practices as a result of USG assistance
Improved Agricultural Productivity (output)	<ul style="list-style-type: none">Number of food security private enterprises (for profit), producers organizations, water users associations, trade and business associations, and community-based organizations (CBOs) <u>receiving</u> USG assistance
Improved Agricultural Productivity (outcome)	<ul style="list-style-type: none">Number of private enterprises, producers organizations, water users associations, women's groups, trade and business associations, and community-based organizations (CBOs) that <u>applied</u> new technologies or management practices as a result of USG assistance
Expanding Markets and Trade (outcome)	<ul style="list-style-type: none">Kilometers of roads improved or constructed
Expanding Markets and Trade (outcome)	<ul style="list-style-type: none">Value of Agricultural and Rural Loans
Expanding Markets and Trade (outcome)	<ul style="list-style-type: none">Number of households with formalized land
