FOOD SECURITY HIGHLIGHTS

UN Announces Appointment of Ertharin Cousin as WFP Executive Director

The United Nations recently announced the appointment of [Ertharin Cousin](#) as the new executive director of the UN World Food Programme (WFP). Ambassador Cousin, currently the U.S. Representative to the United Nations Agencies for Food and Agriculture (FAO), is expected to assume this position in April when outgoing WFP Executive

Director Josette Sheeran moves to her [new position](#) as vice chair for the World Economic Forum.

U.S. Secretary of State Hillary Rodham Clinton expressed her confidence that Ambassador Cousin "will continue to be a powerful voice in the global fight against hunger and lend her energy, optimism and experience to the World Food Programme."

"I am proud to join Secretary Clinton in supporting Ambassador Cousin as she takes on this important role," said USAID Administrator Rajiv Shah. "Ambassador Cousin is building upon a strong legacy of leadership and accomplishment by the current executive director, Josette Sheeran, whom we congratulate as she prepares for her new role at the World Economic Forum."

GAFSP Launches Third Public Sector Window Call for Proposals

The [Global Agriculture and Food Security Program](#) (GAFSP) is a multilateral mechanism to assist in implementing pledges made by the G8 at the L'Aquila

Summit in 2009, with the intent of making investments in agriculture and food security more strategic in developing countries. On January 10, the GAFSP Steering Committee launched the third [Public Sector Window Call for Proposals](#), funded by the U.S., South Korea, and Australia. [Read more.](#)

U.S.-Rwanda Meeting on Trade and Investment Discusses Feed the Future Programs

In December, senior officials from the Departments of Agriculture, State, and USAID highlighted Feed the Future programs in Rwanda during the U.S.-Rwanda Trade and Investment Framework Agreement Council meeting, chaired by the Office of the U.S. Trade Representative. The Agreement Council provides a high-level forum for advancing a cooperative partnership on bilateral trade and investment issues. In Rwanda, Feed the Future is focused on enhancing the value chains in beans, maize, and dairy to improve the production of these staples. [Read more.](#)

Interagency Agreement between Peace Corps, USAID to Strengthen Food Security in Nepal

Peace Corps Director Aaron S. Williams and USAID Assistant Administrator for Asia Nisha Biswal signed an interagency agreement to re-establish a Peace Corps program in Nepal after a seven-year absence from the country. The first group of approximately twenty Peace Corps volunteers is scheduled to arrive in Nepal later this year and will be trained as Agriculture-Nutrition Extensionists, working with rural communities to build capacity in Global Health Initiative and Feed the Future priority areas. Japan and the U.S. Join Forces to Advance Fight Against Global Hunger

A new strategic partnership between Japan and the U.S. aims to deliver outstanding results in the fight against global hunger. Building upon their individual comparative advantages, expertise, and combined resources, Japan and the U.S. have signed an agreement to work together in order to maximize the impact of their agricultural development and food security assistance to Africa. This collaboration will begin in four Feed the Future focus countries: Tanzania, Ghana, Rwanda, and Senegal. [Read more.](#)

At 2011 Ibrahim Forum, OPIC Discusses Investments in African Agriculture

Image credit:
www.moibrahimfoundation.org

The Overseas Private Investment Corporation (OPIC) showed its [commitment to food security](#) this past year through support of two private equity funds that target investments in agriculture in Sub-Saharan Africa. These investments aligned closely with concerns discussed at the [2011 Ibrahim Forum](#) in Tunisia this past November. OPIC Executive Vice President Mimi Alemayehou was a panelist at the forum. conference at Harvard to give conference attendees firsthand perspectives on the design and implementation of programs under discussion. [Read more.](#)

Ambassador Rice Gets Firsthand Look at Food Security Activities in Rwanda

Photo credit: Sierra Fogal/MINAGRI

U.S. Permanent Representative to the United Nations, Ambassador Susan Rice, traveled to Rwanda in November to learn more about the agriculture sector there. She visited the Masaka Dairy Development Center and the Dairy Quality Assurance Lab, as well as crop intensification sites in Rwanda's Northern Province. [Read more.](#)

Scaling Up Nutrition Movement Launched in Ghana Feed the Future to Integrate Nutrition and Food Security Efforts

In December, the Scaling Up Nutrition (SUN) Movement was launched in Ghana, where 28% of children under five suffer from stunting and 14% are underweight. At the official launch event, Ghana's First Lady and Minister of Women and Children was joined by USAID/Ghana Mission Director Cheryl Anderson, who remarked on the scientific evidence for how crucial it is to provide proper nutrition to mothers and children during the 1,000 day window between pregnancy and age two. In Honduras, Connecting U.S. Government Resources to Strengthen Food Security Efforts

A Feed the Future project in Honduras is building upon a previous program funded by the Millennium Challenge Corporation (MCC) to make a difference in the lives of rural farmers. [Fintrac Inc.](#), who implemented the MCC program, is now leading a Feed the Future project that aims to lift rural households out of poverty through a combination of on-farm income generation, off-farm business, and employment generation. [Read more.](#)

Farmers who participated in an MCC-funded project in Honduras learn good agricultural practices. Some of these farmers are now transferring the knowledge they gained to other Honduran farmers involved in a current Feed the Future project. Photo credit: Fintrac Inc.

Ambassador Cousin Sees Local Progress on Food Security in Guatemala

Members of cooperative Agrícola Integra Mujeres Cuatro Pinos plant vegetables in central highlands of Guatemala in December 2011. Photo credit: U.S. Department of State

Ambassador Ertharin Cousin, U.S. Representative to the United Nations Agencies in Rome, was recently in Guatemala for a [media tour](#) on the global fight against hunger. While there, she visited numerous food security project sites managed by the U.S. Government and the United Nations in cooperation with the Government of Guatemala, including the [Norman Borlaug Institute for International Agriculture's training center](#) in Chimaltenango and the Integrated Women's Agricultural Cooperative, Cuatro Pinos (pictured above). [Read more.](#)

Best Practices in Cultivation Help Plantain Farmers in Haiti Increase Yields

Wilhelm Emile does not fit the typical revenue profile of the average Haitian farmer. With half a hectare of land, he reaches revenues of approximately \$5,000 (USD) per year, ten times that of an average farmer in the same region with the same amount of land. Wilhelm's success is due not only the crop he grows, plantains, but more importantly to his understanding of best practices to increase yields. [Read more.](#)

Cargill Rice Donation to Feed One Million People in the Horn of Africa

On November 29, [Cargill announced a donation of 10,000](#) metric tons of rice to support the World Food Program (WFP) USA's relief efforts in the Horn of Africa. The rice is expected to feed nearly 1 million people for a month. The donation grew out of an appeal from USAID Administrator Shah to get involved in the [FWD Campaign](#), which raises awareness about the crisis in the Horn of Africa and about longer-term solutions to alleviate poverty and hunger through Feed the Future. [Read more.](#)

Agricultural Development Credit Authority to Increase Access to Finance in Ethiopia

DCA signing ceremony in Ethiopia. Photo credit: USAID/Ethiopia

In Ethiopia, a new \$7.3 million loan portfolio guarantee has been established to increase access to finance for leasing companies and equipment suppliers, cooperative unions, and medium-scale farmers in targeted areas. This program complements activities under Feed the Future and aims to contribute to the development of a broader array of products in the agricultural financial sector,

while also creating a more competitive market environment for agriculturally-directed banking services. [Read more.](#)

New Private Sector-Focused Program to Help U.S., ASEAN Deepen Food Security Cooperation

Building on the strong support for the Association of Southeast Asian Nations (ASEAN) that President Obama reaffirmed at the ASEAN-United States Leaders Meeting in November, Feed the Future is launching a new program to help strengthen the regional organization's ability to ensure food security for its 600 million citizens. [Read more.](#)
